MARCH 5, 1906.

The Weather.

For Kentucky: Tuesday threatening and warmer.

The Statehood bill will be voted on next Friday.

Fulton, Ky., remains "dry" by a majority of 156 votes.

The Longworths are back at Washington and have gone to housekeeping.

The President has agreed to the amendments on the Railroad Rate Bill.

A woman almost broke up services in a negro church in Louisville Sunday night by dropping dead just as the services were being concluded.

Mrs. Wilson has taken the whipping post side of the wife-beating question by introducing a bill in the Legislature to punish wife-beating and some other offenses by whipping. Congressman Stanley recently helped to ridicule such a bill out of Congress and the Wilson bill is probably intended to make wife-beating an issue in the Congressional campaign. As no woman is compelled to live with a husband whose love-licks are too hard, we shall have to side with Stanley.

Universal blindness is to be humanity's tribute to electricity—the monster which man's genius has unchanged. Possibly in this twentieth century—with a mock glory styled the age of electricity—human eyesight will flicker out under the influence of the gigantic fluid it has found, too powerful for a man's delicate physical organism. This is the theory expressed by Dr. H. Preston Pratt, X-ray and therapeutic expert, in the trial of a personal injury suit in Chicago.

A specific cure for cancer apparently has been discovered by Dr. John Beard of the University of Edinburgh, according to an article in Harper's Weekly written by Dr. C. W. Saleeby. Trypsin, the seeming agent of destruction of the cancer cell, is defined by Dr. Saleeby as "the characteristic ferment of the pancreatic juice, a remarkable but quite familiar substance." Experiments with trypsin have been made on several thousand cancerous mice and also on human beings, with the conclusion by both Dr. Beard and Dr. Shaw-Mackenzie, according to Dr. Saleeby, that "trypsin is the substance which will destroy the cancer cell with ease and without danger to the individual."

House Bill 204, the Stewart libel bill, in which every newspaper in Kentucky was interested, was defeated in the House Saturday by a vote of 43 to 42, the member from Christian county voting against the bill. Mr. Southall has the satisfaction of knowing that his own vote killed the measure, although his newspaper friends who have done much to give him the prominence he now enjoys, besought him in person, by letter and by wire to vote for the bill as a matter of simple justice to them. The bill merely

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

F. J. Cheney.
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

Sold by all druggists, 75c.
Take Hall's Family Pills for Constipation.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BEULAH BORCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

permitted a newspaper publisher to plead a retraction as a bar to punitive damages when a libel is printed without malice in the hurry of preparing news for a paper. The present law is unjust in the extreme. It often enables disreputable lawyers to extort money from newspapers by threats of libel suits where there could not possibly be any malice. Only last week a newspaper reported that "John Denton" was arrested. The editor wrote it John Deaton, but an error of one letter by the printer brought a heavy damage suit from a man named John Denton, although a prompt explanation was made. The bill was intended to meet just this kind of cases and the 43 men who have gone on record for continuing such an iniquitous law, have served notice on every newspaper in Kentucky that they have nothing to give and nothing to ask. We are sorry indeed that Herman Southall has allowed himself to get into such company. The press of Kentucky will live through the attack upon it, but many a man in the list of 43 will some day kick himself for putting himself outside the pale of newspaper support.

Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "they keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness. 25c. Guaranteed at R. C. Hardwick's drug store.

SIX NEGROES

Arrested by Police on Charge of Gambling.

The police arrested a sextette of negroes Saturday night, at the home of Charlie Lewis, back of Friendship Hall, for card playing. There names are Charlie Lewis, Tobe Boyd, Chas. Page, Gus Holland, Fred Bowles and Anderson Waller. Their trial was to take place yesterday afternoon. A white man was also slated for Monday for drunkenness.

ATTENTION, K. OF P.

Notice is hereby given that Dr. J. L. Wyatt, of the Cumberland Presbyterian church, has extended an invitation to Evergreen Lodge to attend a service at his church, and the same has been accepted and all members of the lodge are requested to meet at the lodge room at 7 o'clock, promptly, next Sunday night, March 11th to attend in a body. It is earnestly desired that every member who can possibly do so will be present.

J. W. Stowe, C. C.
W. C. Wright, K. of R. and S.

NEW FRONT.

As we announced several weeks ago the Bank of Hopkinsville, the oldest banking institution in the city, will make great changes in their building. Work will begin at once and be pushed rapidly. The immense steel beams to support the front of the three-story building have already arrived. During the remodeling of the building the bank will occupy the Cooper building, on the opposite side of the street, fronting M. D. Kelly's jewelry store.

MR. ANDERSON'S GOOD REPORT.

Has Been to Boston and Found Cotton Mill Men All Right.

NOW FOR THE MONEY.

Already About Half of the \$80,000 Has Been Raised.

Talk about the cotton mill has quieted down somewhat during the past two weeks. We have refrained from mentioning it because we had already said everything that could be said until the examination could be made at the Eastern end of the line, that is, was the party who came here and aroused the interest on the part of our people able to carry out their part of the contract to erect a mill here if our citizens would obligate themselves to subscribe for \$80,000 of the required \$200,000.

The soliciting committee in less than two days secured subscriptions aggregating more than \$40,000 without any trouble whatever. The gentlemen then rested on their oars, awaiting the return of Mr. J. H. Anderson from New York and Boston. He was empowered to make a full investigation as to the ability of the Eastern capitalists to comply with their obligation in the premises.

Mr. Anderson returned to the city yesterday morning, and in an hour or two was seen by a Kentuckian man. In reply to the question asked as to whether everything was all right in the East he said he had looked into matters closely, and that everything was exactly as it had been represented—not the least unfavorable symptoms observable. He also said that the soliciting committee should resume its work at once and close up the matter here. The gentlemen who have this matter in charge are among the most progressive and successful in the city and what they say may be put down as beyond question.

Lieut. Gen. John M. Schofield, U. S. A., retired, last surviving army commander of the Civil war, died of cerebral hemorrhage last week at St. Augustine, Fla.

Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

It will nourish and strengthen the body when milk and cream fail to do it. Scott's Emulsion is always the same; always palatable and always beneficial where the body is wasting from any cause, either in children or adults.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

AMUSEMENTS.

"A Trip to Egypt."

On tomorrow night there will be presented at the Opera House the latest and most popular musical comedy success, "A Trip to Egypt," from the pen of the well known author and composer, C. Herbert Kerr. This piece is one of the most elaborately mounted and equipped that will be seen in our city this year, the production being carried by the company. The company comedians, singers and dancers includes a famous coterie of well known comedians. The electrical efforts are new and of a spectacular nature and the costuming is the most elaborate that has ever been seen with any attraction in our city. There is not a dull moment from the rise of the first to the fall of the last curtain. Something going on all the time to interest the auditor. Tuneful music, exhilarating comedy, dazzling electrical and scenic display and gorgeous costumes. Don't miss the good ones.

"Robin Hood."

Concerning the production of "Robin Hood," which will be presented at the Opera House here March 13, the Savannah Press says. "It is the best production of 'Robin Hood' Savannah has ever seen." A repetition of this is found in the Atlanta Journal, which says: "Every member of the company is good," while the Jacksonville Times-Union says. "The work of the Aborn company was of a standard far above anything seen here this season." The cast of this excellent organization includes names widely known in the field of legitimate comic opera, such as Ethel Houston, Harold Blake, Vivian Brewster, F. Stanton Heck, Karl Stall, Edward Metcalfe, Campbell Donald, Agnes Stone, Meta Carson and Maurice Hageman.

ORDINANCE NO. 13.

Ordinance to Accept and Ratify Sale of Franchise for Gas Plant.

Be it ordained by the Board of Council of the City of Hopkinsville, Kentucky:

That whereas Herbert P. McMath, Clerk of the Board of Council of the City of Hopkinsville, did on the second day of March, 1906, sell at public auction to the highest and best bidder, a franchise for a period of twenty years from this day, to construct, maintain and operate a gas plant in the City of Hopkinsville, Kentucky; and whereas he sold the same to Hopkinsville Gas & Electric Company, the said company being the highest and best bidder for same, for the sum of One Dollar, which was paid by the bidder to said McMath, as the clerk of the City Council of the City of Hopkinsville; and whereas he has reported said sale made in pursuance of the ordinance adopted by this Council on the 19th day of February, 1906, it was moved, seconded, adopted and it is ordained that said sale of said franchise to Hopkinsville Gas & Electric Company, be and the same is hereby ratified and accepted by this council and the Mayor; and a franchise to construct, maintain and operate a gas plant in pursuance of said ordinance and upon conditions contained therein, is hereby granted to Hopkinsville Gas & Electric Company and its assigns, with all the rights, privileges and restrictions contained in said ordinance ordering a sale of the franchise adopted by this Council on February 19th, 1906, for a period of twenty years from this date.

For the adoption of the foregoing ordinance, Councilmen Clark, Ware, Twyman, Glass, Jackson and Armstrong voted aye, and Councilman Davis voted nay.

Adopted March 2nd, 1906.

HERBERT P. MCMATH, Clerk, of the Board of Council of the City of Hopkinsville, Ky.

Approved March 2nd, 1906.

CHAS. M. MEACHAM, Mayor of the City of Hopkinsville, Ky.

Preferred Stock Dividend No. 6.

The semi-annual dividend of 3 per cent. on the preferred stock of the Acme Mills & Elevator Company has been authorized by the board of directors of the company for the six months from Sept. 1, 1905, to March 1, 1906, and the same is now payable at the office of the company.

Winning Fame as Speaker.

Washington, March 2.—Representative Stanley's recent orations in the House have attracted considerable national attention to him. Some of the best people at that intellectual hub—Boston—want to hear him. Today Representative Weeks invited him to attend a luncheon to be given by the Massachusetts club at Boston tomorrow, and to deliver a toast at a banquet at the Newton Club, of Newton, Mass., tomorrow night.

WANTED—Bright, honest young man from Hopkinsville, Ky., to prepare for paying position in Government Mail Service. Box One, Cedar Rapids, Ia.
